Officials Name Deputies

Changes in Some County Officers January 1; Some Retain Employees

Newly elected office holders have been busy selecting their deputies, while officials re-elected are not having that trouble, their present deputies to succeed themselves, according to their statements. The rush for "political jobs" has not been like in past years and selections of deputies has been somewhat difficult for the newly elected officials.

Dan Doty, Democrat, newly elected Representative from Pettis county to the House of Representatives at Jefferson City, who succeeds Harvey D. Dow, Republican, has appointed Miss Mary Martha Windsor, 620 South Massachusetts avenue.

Mis Bopp is the daughter of Mr. and Mrs. Milton Bopp of R. F. D. 1, Sedalia.

William F. Brown, Democrat, takes over the office of prosecuting attorney January 1, succeeds L. J. Harned, Republican. Brown has appointed Miss Mary Martha Windsor, 620 South Massachusetts avenue.

Miss Windsor is the daughter of Mr. and Mrs. Henry D. Windsor, of near Booneville, and a niece of Mr. and Mrs. Odus Nowlin, 620 South Massachusetts avenue with whom she has been residing for more than a year. She is a niece of John Windsor, attorney of Cooper county.

Dr. Rhodes Deputy Coroner Dr. C. Gordon Stauffer, M. D., Democrat, takes over January 1 as coroner, succeeding Dr. K. L. Holdren, Republican. Dr. Stauffer announced he was appointing Dr. E. L. Rhodes, M. D., as his deputy. Dr. Rhodes is a well known physician in Sedalia and a resident of this city for the past several years.

Lawson Clingan, Republican, re-elected as county assessor, announced his deputies would be retained. They are Miss Mayme Shipley and Miss Elizabeth Allison, who have been in the office for many years under both Republican and Democratic administrations.

John F. Taylor, Democrat, newly elected sheriff succeeds Sheriff Ed. Goetz on January 1. Sheriff Taylor announced the appointments of his three deputies.

Lee Feaster, R. F. D. Green Ridge, will be the chief deputy. E. J. Thomas, 633 East Ninth street, has been named office deputy in charge of the work at the Court House.

Clark S. Woolery, 603 East Eleventh street, has been appointed jailer in charge of the county jail with Mrs. Rosa G. Woolery, his wife, as assistant.

Other Officers Other county officers who take over their duties on January 1, 1949, are William L. Marlin, Democrat, judge of the eastern district of the county court, who succeeds Vernon Glenn, Republican.

Judge Edw. Callis, Republican, judge of the western district of the county court, succeeds himself.

Raymond F. Wilder, Democrat, surveyor, who succeeds himself, Wilder will have completed, on December 31, the unfinished term of the late F. A. Griessen, Republican, who died last summer.

Charles F. Maggard, Republican, public administrator succeeds Samuel L. Higleyman, Republican.

Must Quit Playing

YOKOHAMA, Dec. 29.—(P)—Playful U. S. soldiers have got to quit playing motorman on Yokohama's rickety old trolley cars.

The provost marshal cracked down today with an order forbidding it.

The reason: It makes the Japanese passengers nervous and they all get off at the next stop when a GI grabs the controls and "guns" the groaning old rattlers.

The Weather

CHICKADEE DEE-DEE Central Missouri: Clearing and colder tonight, with a low near 10. Fair and continued Thursday, high in the middle 30s.

Temperature: 7 a. m. 26 degrees; 2 p. m. 29 degrees.

Rainfall Tuesday night: .02 inch. Lake of the Ozarks: 8.4; fall 2.

Sun rise 7:33 a. m., Sun set 4:59 p. m. First quarter moon January 9; full moon February 14.

Thought For Today

Be he nowhere else, God is in all that liberates and lifts, in all that humbles, sweetens and consoles.—Lowell.

Annual Meet Of Scouts Council

The annual meeting of the Lake of the Ozarks Council, Boy Scouts of America, will be held Monday evening, January 17, 1949, 6:30 p. m. at St. Patrick's school hall in Sedalia. It has been announced by Reinhold G. Miller, Scout executive. This meeting will bring together leaders and friends of Scouting in the eleven counties that comprise the council territory. Reports will be given of the accomplishments of 1948 and of officers for 1949 will be elected.

Dr. H. Roe Bartle Scout executive of the Kansas City area council and nationally known speaker, will make the address of the evening. Announcements have been mailed to all Scout leaders and a heavy reservation is anticipated.

The committee making the arrangements for the meeting consists of John Waldorf of Marshall, chairman, Ben P. Robinson and Rev. J. Fred King of Sedalia, Rex Whitton and Charles C. Isely, Jr., of Jefferson City.

Reception For Rescued Men, Daring Fliers

Hero's Welcome Awaits Both Groups In Manhattan

WASHINGTON, Dec. 29.—(P)—A New York reception shaped up today for 12 rescued airmen and the daring fliers who plucked them from an ice cap in Greenland.

Plans to take the men to Manhattan for a hero's welcome were disclosed at Westover air force base in Massachusetts.

The communications between Greenland and Washington failed after word of the rescue flashed through yesterday.

The rescued men were last reported at Blue West 8, an Air Force base northwest of the 7,800 foot ice peak where they were marooned for days before they were picked up by a ski-equipped plane. Plans called for them to be moved later to Blue West One, another base 300 miles to the southeast.

No Direct Word While no direct word was received here on their condition, an air officer at Harmon Field in Newfoundland said they had come through their ordeal with only a slight loss of weight. They lived, he said, in "comparative luxury" in a snow-house warmed by portable heaters that had been dropped to them.

At Westover, airforce spokesmen said the men and their rescuers will be flown direct to LaGuardia Field in New York if weather conditions permit. Otherwise, he said, they might land at Westover.

Files of the rescued men have families living in Greenland. They will be offered the choice of rejoining their families immediately or after the proposed New York reception.

Carrier Turns Back Meanwhile, the navy's carrier Spiran turned back toward Norfolk, Va., after a run toward Greenland on a mission to rescue the stranded fliers.

Four helicopters, intended for use in the Saipan's rescue attempt, ferried 15 passengers to Argentina, Newfoundland, in what was described as the first ship-to-shore mass flight by the flying newsmen.

The 15, including the newsmen, boarded a navy transport for the trip back to the U. S. The hero of the new northland saga is 32-year-old Lt. Col. Emil J. Beaudry of Manchester, N. H.

He landed his big specially equipped C-47 transport on the windswept cap yesterday and in 38 minutes was airborne again with a dozen jubilant passengers.

No Delivery of Mail on Saturday Saturday, January 1, being a legal holiday, the windows at the post office will be closed all day. There will be no delivery of mail by either city or rural carriers. Special delivery mail will be delivered as usual.

The regular holiday collection will be made in the street letter boxes and all outgoing mail will be dispatched.

To Honor Outstanding Men

ST. JOSEPH, Mo., Dec. 29.—(P)—The 10 outstanding young men of the nation selected by the United States Junior Chamber of Commerce will be honored at a dinner here Jan. 21.

Edward M. Hirsch, president of the St. Joseph Chapter, who announced the date here yesterday, said selection of the men will be completed Saturday.

Population of United States Has Reached All-Time High

WASHINGTON, Dec. 29.—(P)—The population of the United States reached an all-time high of about 148,000,000 at the close of 1948, the census bureau reported today. The increase during the year was about 3,000,000.

In a further year-end summary of vital statistics for 1948 the bureau said:

The civilian labor force—everyone working or looking for work—reached 63,842,000 in

July. That was the highest total in the nation's history.

Employment in non-farming industries alone reached 51,932,000 in November, topping the wartime peak of December, 1942, by more than 5,600,000.

Married couples numbered nearly 35,000,000. Married women workers by 8,300,000.

More than 3,000,000 families lived "doubled up" with other families.

Both of them said yesterday in New York that she received the cut when her wrist accidentally struck a razor blade as she was reaching in a drawer for some aspirin.

However, Dutchess County District Attorney W. Vincent Grady summoned Elliott Roosevelt to appear here at 10 a. m. today to testify about the episode.

Joseph McCabe, attorney for the late President's son, announced at noon that Elliott had been delayed and that a new time of 1:30 p. m. had been set.

McCabe said Elliott left New York by car this morning, but had to turn back because of sleet and bad roads. He then boarded a train, the attorney said.

Earth Tremors Shake Reno Heavily Today

Power, Telephone Lines Are Down; Three Quakes Felt

RENO, Nev., Dec. 29.—(P)—Power and telephone lines were knocked down and minor highway slides touched off by renewed earth tremors which shook Reno heavily early today. The shocks, apparently centering here, extended through the Sierras into northern California as far west as San Francisco and as far south as Fresno in the San Joaquin valley.

Three quakes, the first reported at about 4:55 a. m., were so severe as to knock the seismograph of the University of Nevada completely awry.

They were the latest in a series of shocks beginning Monday night, when Reno was shaken seven times within a period of four and a half hours.

Telephone Lines Down The Bell Telephone company reported its lines down near the California state line about 15 miles west of here.

As emergency crews were rushed out to determine the extent of the break, company officials said heavy electrical charges in the circuits indicated high voltage power lines had fallen across them.

Long distance circuits linking Reno and San Francisco were not affected.

A reporter from the Reno Gazette telephoned from Verdi that "everything in town is damaged to some extent."

One wall of a 33-year-old building which once housed the Verdi general store was knocked down completely. Elsewhere house frames were twisted, chimneys down, wall plaster fallen, and windows and dishes broken.

The highway department Sacramento, Calif., reported that minor rock slides occurred on U. S. highway 40, main transcontinental highway to the east over the California Sierra.

The highway remained opened, however, after Reno authorities requested California highway crews to put mountain snowplows into action to clear the pavement of debris.

The heaviest shock was timed at 4:55 a. m. PST (6:55 a. m. CST) and was followed by three more within an hour. No damage was reported immediately.

Rafters Were Squeaking Frank McCullough, reporter of the Reno Gazette, said, "I thought my house was coming down. The rafters were squeaking and the whole place groaned."

The city had seven quakes on Monday night with resulting disquiet among the population of 40,000 but only minor damage.

Today's first tremor was preceded by a run of minor shocks.

At approximately the same time, shocks were felt in a large area of northern California's Sacramento valley and very lightly in San Francisco.

Marysville, almost due west of Reno, and approximately 80 miles away, felt the quake at the same time. Police reported hundreds were awakened by the tremor and both in the downtown and residential Marysville areas.

Marysville was the only spot reporting any damage, although the tremors were felt as far south as Stockton, a the northern end of the San Joaquin valley and 75 miles south of Marysville.

Killed When Struck By Motor Car

RICHMOND, Mo., Dec. 29.—(P)—Cleason Thompson, 67, was killed last night when he was struck by a motor car while walking on U. S. Highway 10 near here.

Dr. John Baber, coroner, said Thompson was struck by a car driven by Jewell B. Hultz of Kansas City. The coroner said the driver related that he was blindfolded by the lights of an oncoming truck and did not see Thompson.

The victim was on his way to a farm house when he was struck after the taxi he operated here slipped into a ditch.

Gen. Hodges Will Live In San Antonio

NEW YORK, Dec. 29.—(P)—Gen. Courtney H. Hodges, 61-year-old First Army Commander, will live at San Antonio, Tex., after his retirement from the Army next month.

Hodges, who led the First Army as it swept across France and Germany in the recent war, becomes 62 Jan. 3. He is required to retire before the last day of January.

'Independence' Lands After An Hour's Delay Due Weather

WASHINGTON, Dec. 29.—(P)—President Truman's plane "The Independence" landed safely at National Airport today after nearly an hour's delay caused by bad weather.

WASHINGTON, Dec. 29.—(P)—The special plane carrying President Truman hovered over rain-swept National Airport at 2:30 p. m. (EST) today but a landing was delayed for about 30 minutes.

Officers of the military air transport service said the plane, "The Independence" would land about 2:15 p. m. (CST) on its flight from Missouri, where Mr. Truman spent the holidays.

At 1:30 o'clock (CST) the Independence was reported over Mt. Vernon, Va., 12 miles south of the misty and rain-swept Washington National Airport. The big ship was reported flying at 10,000 feet altitude then.

A crowd of about 100 reporters, government officials and others waited at the terminal, where officials hailed landing conditions "were perfectly safe."

Nevertheless the field lights were on in mid-afternoon and the day was dark.

A "broken ceiling" of low but unstated height prevailed.

Mr. Truman and his party were returning from Kansas City. The press plane which ordinarily accompanies the president had not left Kansas City several hours after the Independence took off.

It was delayed by engine trouble. Airport officials said commercial flights were leaving and entering Washington without interruption, although some had been held out of the city early in the morning.

A MATS spokesman said all planes were making "instrument approaches" to the airport, but not instrument landings.

Money And The Will A metal box found by the children contained thick packs of currency totaling \$14,000 and the will. An old glass coffee jar contained \$855 in gold coins.

Previous searches of the sagging old house for a will were futile. In the absence of a will the estate of nearly \$50,000 was to be divided between Miss Scheer's niece and a nephew.

Miss Scheer was 72. She was the last of eight brothers and sisters, all of whom, with the exception of a sister, had remained unmarried and had lived together in the old home until their deaths.

Miss Minnie Scheer Helmering, died at her home in Los Angeles, May 2, 1946.

Direct Bequests The will, dated Oct. 9, 1947, directs bequests of \$5,000 each to:

St. Paul's Lutheran church of Leavenworth.

Small's Memorial Home, Leavenworth.

A St. Louis radio station, designated by the call letters KFOU, Wheat Ridge Sanitarium near Denver.

Valparaiso University, Valparaiso, Ind.

Lutheran Home for Children, Winfield, Kas.

Bethesda Home, Watertown, Wisconsin.

Lutheran Home For Aged at St. Louis.

Walther Memorial Hospital in Chicago.

Lutheran hospital, Cleveland.

Lutheran High School, St. Louis.

Children's Mercy Hospital, at Kansas City.

Lutheran Institute For The Deaf, Detroit.

It also directed the residue of the estate, if any, go to a Lutheran college at Winfield, Kas.

The niece and nephew, under the terms of the will, will receive a 40-acre nursery, an 18-acre farm and three houses in Leavenworth.

G. A. Rabourn Suffers Burns

George A. Rabourn, 1212 South Lamine avenue, was burned at his home during the noon hour today when, in trying to get warm, he backed up to a radiant gas heater, and his clothes became ignited.

He is in the Bothwell hospital, both hips, lower legs, knees, left hand seriously burned.

Mrs. Rabourn suffered burns on her hands in trying to give him assistance.

Dr. John B. Carlisle gave medical attention at the hospital.

Rabourn, aged 69 years, is an employee of the Missouri Public Service Corporation foreman of the street department.

Safety Talks Tie up Traffic

ARDMORE, Okla., Dec. 29.—(P)—Safety speeches by Oklahoma highway patrolmen caused no end of traffic troubles at the Oklahoma-Texas border south of here yesterday.

Two patrolmen began stopping Oklahoma-bound traffic to give a 20-second safety talk and safety literature. The program was started several weeks ago on all Oklahoma borders to help cut down traffic deaths.

The speeches delayed traffic and cars blocked U. S. 77. They were cut to 15 seconds. Then five, but traffic still piled up.

Finally the speeches were cut out. Motorists were given the literature and wished a Happy New Year.

Hope Fades For Missing Airliner

MIAMI, Fla., Dec. 29.—(P)—Hope faded rapidly today for a charter airliner missing more than 24 hours on a flight from San Juan, Puerto Rico, to Miami with 30 persons aboard.

A fleet of 37 Air Force, Navy and Coast Guard planes went out at dawn to resume an intensive search over the 1,200-mile air route to San Juan and fanned out over the Florida Peninsula and the Eastern Gulf of Mexico.

A Navy blimp from the Boca Chica air station at Key West joined the search, but the Coast Guard said at mid-morning "no results" had been reported.

Children Find Will, Money In The Attic

LEAVENWORTH, Kas., Dec. 29.—(P)—A spinner's will, uncovered by two children in an attic along with \$15,000 in currency and coins, directs bequests totaling \$65,000 to Lutheran schools, churches and other institutions of the denomination.

Ted L. Sexton, administrator of the estate of Miss Emma Scheer who died at her home here April 13, said he has no power to take money from the estate to reward the finders of the will and money.

The discovery was made by Sandra Wilk, 9, and her brother, Gary, 6, while searching the attic of the home Dec. 20 for a Christmas tree ornament. The home where Miss Scheer died was rented by Mr. and Mrs. Paul Wilk.

Welles Better But Not Yet Questioned

WASHINGTON, Dec. 29.—(P)—Former Undersecretary of State Sumner Welles spent "a very good night." Casualty hospital reported today.

Welles is being treated for severe frostbite of the hands and feet. He was found unconscious in a field about two miles from his Oxon Hill home early Sunday.

A physician said Welles, who is 56, has rallied sufficiently to talk, but has not yet been questioned about the incident. It has been presumed that he suffered a heart attack while taking an after-midnight walk.

Previous searches of the sagging old house for a will

by Drew Pearson

WASHINGTON, Dec. 29 — It looks as if the mystery over the bungled intelligence report which almost caused American mobilization last spring is now on the way to being solved.

The Army is trying to hush it up, but it was Gen. Lucius Clay who set off the false alarm leading to the worst case of war jitters since Pearl Harbor.

Actually, it probably wasn't Clay's fault. He had warned the army department last March that Russia might be preparing to attack. But he added that his estimate was based not on military evidence, but upon the Russian attitude in Berlin.

As it turned out, Clay was right in sensing that the Russians were up to something. But he sensed the wrong thing. What the Russians were up to was not war but the Berlin blockade.

When Clay made his report to Washington, lights burned several nights in the Pentagon building while the intelligence experts diagnosed the situation and pieced together various reasons why he was right.

Result was a faulty intelligence report which almost caused President Truman to ask Congress for general mobilization.

Marshall's Health
Secretary Marshall's doctors have informed him that he must definitely resign as secretary of state.

Marshall made a rapid recovery immediately after his operation, but since then his recovery has slowed up in rather a disturbing manner.

The secretary of state had hoped to spend Christmas at his Pinehurst home, but couldn't. Later he asked the doctors if he could go to Leesburg, Va., for the holidays. But the doctors again said no.

Meanwhile, Mrs. Marshall has put her foot down that her husband must resign as secretary of state. Chief Justice Fred Vinson looks like the man to take his place.

Chinese Bet on Dewey

Madame Chiang Kai-shek has confided to intimates that she is amazed and stunned by the cold shoulder given to her pleas for help for China. The "Missimo" has been frantically winning and dining all sorts of bigwigs in order to get help for her husband's lost cause but has made no progress.

Madame Chiang is especially disappointed over her Republican friends, some of whom had assured her that military aid to China was all set. However, that may have been her big mistake. Like a lot of other people she bet on the wrong political horse. And though it doesn't influence our Chinese policy, President Truman is plenty burned up over the way Chiang Kai-shek and advisers played footy-footy with the Republicans and Gov. Thomas Dewey until election day.

WASPS to Fly Again

Vivacious Jacqueline Cochran, the ex-beauty parlor magnate, now wife of financial magnate Floyd Odum, has ambitions for bringing back the WASPS.

Miss Cochran, whose good motives in wartime were unquestioned, but whose efficiency was questioned, has written a confidential letter to former WASPS informing them that they are to be offered commissions in the Air Force Reserve.

The Women's Air Force Service pilots, otherwise known as the WASPS or "Petticoat Pilots," was formed in wartime to replace male pilots in behind-the-lines duty, thus putting more men at the front.

Many of the WASPS did magnificent jobs, put in grueling hours ferrying planes, did more than ever expected. But other lady pilots behaved somewhat like their names — they stung. There was more jealousy, petty

Never Underestimate The Power of Paternal Love

bickering, also more wasted manpower than in any branch of the services. Finally Congress and Air Corps brass hats decided the cost of training was too great. The WASPS were disbanded. Miss Cochran then kept the group alive as the Order of Finitella.

Recently the Order of Finitella received a letter from its wartime mistress, which read:

"This information is for our membership or potential membership and is not for public release," wrote Miss Cochran mysteriously and joyously. "I am very pleased to be able to tell you now. . . . That the WASPS are going to be offered at an early date commissions in the Air Force Reserve."

"WASPS who meet the other requirements are also going to be able to qualify as second lieutenants in the active Air Force."

Actually the WASPS never held military status of any kind during the war. Nevertheless Miss Cochran expects them now to become full fledged commissioned officers in the Air Force.

This news has made male pilots irked and unhappy — to put it mildly. In fact, some are burnt up. The Air Force Reserve does not have enough planes to keep its own reserve pilots flying, yet it appears to have agreed to grant commissions for flying time put in with the WASPS. Male reserve pilots can imagine the new scramble for planes with the men

bowing to the ladies and saying: "Of course you can have that plane for your flying time. By all means."

GOP in Red

Jim Kemper, the big life insurance mogul who is treasurer of the Republican national committee, has sent out a personalized form letter to thousands of party workers appealing for funds.

The Republicans are \$330,000 in the red, says Kemper, and winds up his appeal by asking for "the benefit of your recommendations."

To this, one GOP recipient of the letter, C. T. Anderson of Arlington, Va., replied: "I am not surprised that your accounts may be low. After spending the equivalent of the national debt in the last election, your deficit of only \$330,000 is something to behold. I keep seeing pictures before my eyes of all that display of advertising — in Minnesota and Illinois. I also remember a guy named Harry Truman being cut off the air during a major address for lack of funds. Maybe money ain't the answer to the problem."

Merry-Go-Round

All Civil Aeronautics administration employees in the section charged with disposing of surplus airports have been required to swear before witnesses that they have not talked to any columnist or newspaperman. The CAA says it's afraid "someone is leaking information to Drew Pearson."

. . . The Distillers' Institute gave

away ten cases of whiskey on Capitol Hill for Christmas. . . . Only place besides the White House permitted to fly the president's flag is the Muehlebach hotel in Kansas City. The flag is flown outside the president's penthouse apartment in the hotel.

. . . Nebraska's roistering Sen. Kenneth Wherry is caught between the Liberal and Conservative wings of the GOP. Conservative senators want to shuffle Wherry out as minority leader and substitute brusque Sen. Gene Milliken of Colorado — because Wherry is too liberal. But liberal Republicans don't want Wherry either — because they consider him too "conservative."

The Navy is desperately short of pilots to fly its planes. A drive was launched to recruit 1,000 for pilot training in December. But so far, only 400 have signed up.

United States And The Soviet Policy In Europe

By Wes Gallagher
AP Foreign Affairs Analyst
(For J. M. Roberts, Jr.)

BERLIN—Is American policy in Europe succeeding? Is it being soundly administered?

Supporters of the policy are apt to answer in an unqualified "yes."

Detractors in an equally emphatic "no."

The answer is to be found in between these two extremes.

American policy is making progress. It has not achieved a decisive result yet.

By and large it is being soundly administered.

The backbone of American policy is the European recovery program. It has the double aim of putting western Europe on its financial feet so it can support and defend itself, and at the same time contain the spread of Communist dictatorships.

Never Before Such Help

No nation in history has set out on such a helping program on such a scale without direct financial return.

This is appreciated by thinking Europeans, but it is not going to make the United States the most popular nation on earth. No one likes to accept charity and that is what western European nations are accepting, in a sense.

This sensitive point has been stirred up not only by Communists, but self-seeking politicians trying to climb to power on Nationalist policies in various countries.

This aid has certainly stirred the economic processes of Europe. Without it, there is no doubt Europe would be bankrupt and an easy prey to Communism.

Production has jumped by leaps and bounds in Germany, Great Britain and most European countries over a year ago. Even strike-harassed France has shown improvements.

Lifted From Poverty

Western Germany's 45 millions in particular have been lifted out of a morass of poverty and started on the road to recovery.

Experts can prove all or nothing by quoting statistics on this recovery. They are inclined to take the percentage rise in production in the first year, multiply it by three more years of ERP, and come up with a figure of self-sufficiency.

No one can say how exactly what will be needed in 1952 to make western Europe self-sufficient.

It will depend on markets and many other factors. It depends on the success of submerging Nationalism to a common cause.

The most that can be said is that economically the first year of American aid to Europe has started western Europe on the way to recovery. It has made significant strides forward, but it is impossible to say at this time whether the program will be a complete success.

From the point of view of containing the spread of Communism the success of American policy has achieved more tangible results.

Without the American aid program there is little doubt that Italy and France would now be closely locked to Moscow by tight Communist dictatorships. Europe would be Europe's poorhouse, wallowing in poverty, and held down only by the force of the occupation troops.

With U. S. help, Italy decisively rejected Communism in last spring's election. The Communists are still strong, but they are not in power.

This is also true in France, the Communists have kept France's government in turmoil, but their strength is less than a year ago. The Communists in western Germany have lost steadily in power and prestige and are now a negligible influence.

The first year of full American aid thus finds the United States with a defensive although not yet decisive victory.

We now come to the second question of whether U. S. policy is being capably administered in Europe.

There have been some anguished cries from some nations that American administrators were trying to strip them of their sovereignty. But these cries have been far fewer than were expected. For this, credit goes to these administrators of American policy.

It is true that some U. S. representatives in some cases have none too tactfully tried to make Europeans do things American style. Sometimes they were right. Other times they found conditions abroad made it impossible to conduct business operations in the American way.

Fears Two Sided

The most notable fears a year ago were two-sided. Europeans feared the U. S. would use ERP to force capitalism down unwilling European throats. Americans feared ERP funds would be used by Europeans to socialize and to away with free enterprise.

Compromises were found in most cases which—if not satisfying everyone—were recognized as fair.

American administrators found free enterprise had to give way to planned economy occasionally.

On the other side, Socialist governments found they had to resort to free enterprise in some cases.

It was largely free enterprise which filled store shelves in western Germany and sent production

in a rapid upward sweep. The British government would have favored a tightly-controlled Socialist economy, but gave way to the American.

All these differences, and they came up by the thousands, were ably solved by such administrators of American policy abroad as ECA European Administrator Averell Harriman, Ambassador Lewis Douglas in London, General Lucius D. Clay in Germany, and scores of others.

These solid accomplishments outweigh the cases where the American representatives in various countries became so engrossed in the country to which they were attached that they tried to subordinate the program as a whole to these interests.

This caused considerable unnecessary friction, but did not materially affect the over-all results.

One of the greatest threats to the European recovery program and American policy has been the conflict of national interests in Europe. The most outstanding of these is the French-German dispute which will be taken up tomorrow.

The Doctor Says

Lobar Pneumonia, Once Main Death Cause, Cured by Drugs
Ed Edwin P. Jordan, M. D.
Written for NEA Service

Lobar pneumonia is an infectious disease of the lungs caused by a germ called the pneumococcus. It is one of the most widespread of the acute diseases, and for many years was known as the "captain of the man of death."

In a typical case the disease starts suddenly with a severe chill generally lasting from 15 to 30 minutes or so. Shortly after the beginning of this chill the temperature begins to rise and the patient may complain of headache and general pains. A dry painful cough sets in early. The breathing becomes more rapid.

By the second or third day, unless steps have been taken earlier to bring about relief, the typical signs have become established. The expression is anxious, cold sores are present on the lips or nose, the breathing is rapid and the patient often complains of severe pain in the side. By this time sputum coughed up is slightly tinged with blood. The temperature tends to hover around 104 or 105. Until recently, the condition remained about like this for about seven to 10 days when in favorable cases a crisis occurred and rapid improvement set in.

New Rapid Cure
Remarkable results occur when either a sulfa preparation or penicillin, is given. The symptoms generally clear up rapidly. The temperature drops, the cough disappears, the pain is relieved, the breathing becomes slow and normal and improvement takes place long before the crisis which was formerly waited for so anxiously.

The use of the newer drugs has lessened the chances of dying from about one in three to one in 20. This is indeed one of the most amazing revolutions which has taken place in the treatment of any disease in recent times. However, it is still important to make the diagnosis early and start treatment as soon as possible. Delay in beginning treatment is dangerous.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS
By Edwin P. Jordan, M. D.
QUESTION: What is the disease which causes a person to break out in blue spots filled with blood?

ANSWER: This is probably a disease called purpura of which there are several varieties. There are other conditions, however, which cause similar spots to appear.

Young Headlines: Lady-like Hats Replace Beanies

GAG beanies have yielded their place on teen-agers' heads to lady-like hats.

There's proof in the serious-minded sailor, cloche and beret shown that girls' hats have outgrown their childish ways.

Take the confection-pink felt sailor (top right). Pink feather wings and a wispy nose veil take this sailor as far away from the fun-gag category as a hat can go. As free from gag appeal are the quill-trimmed emerald green felt cloche (left) and the visored beret of holly red felt (bottom right) with ear muffs and ribbon chin straps.

Some Bought For Others And Some For Themselves Too

Christmas is over. Decorations are being taken down. Brilliantly lighted trees are becoming dry and shedding over the floor or the gifts that are still beneath them. But the joy of the day and the days before linger on. It has been a wonderful Christmas for nearly everyone. Santa Claus was extra good this year. Most people got what they wanted and then that extra surprise gift that seems to add to the fun.

A saleswoman in a store said: "I am sorry Christmas is over. I love the rush in the store. True enough I work and keep house, but I had my Christmas shopping done a week before Christmas. It isn't a hardship for me because I love Christmas. I wish it could be Christmas always."

Things For the Home
Last summer she and her husband had bought a new home and they had planned that at all times when they bought presents for each other it would be for the home. The first one was their wedding anniversary and that was dirt for the front yard. Christmas was to be a platform rocker to match their living room suit, but Christmas morning found an extra package under the tree for her—a blue satin robe she had been wanting.

The man who had written a long list of things he wanted for Christmas, because his wife insisted, included a hammer and a case of green beans. He got the hammer and one can of green beans. "I just couldn't buy a whole case of green beans," said the wife. "I don't like green beans very much."

A man who had been working for weeks building a doll house for his tiny girl in order to help Santa Claus, played all day long with dolls and doll house on Christmas day.

Father Liked It Too
Another man said that he gave his 23-year-old son a record player and put it under the tree. The son spent almost the entire day on the floor playing with it, just like he used to with his train or toys. The father then admitted with a grin that most of his day was spent beside the son on the floor helping him play the records.

A business woman couldn't help laughing over a gift she was given by her nieces. All during her childhood she had wanted a pretty doll, but somehow she never got one. Then she had two little nieces and she saw to it that they always had pretty dolls. She couldn't help saying each Christmas how much she had always wanted a pretty doll. This year the nieces, who are now about grown, gave her a very special gift and wanted her to guess what it was in the box. She couldn't, of course, and finally they gave it and let her open it. There it was, the thing she had always wanted for Christmas. A beautiful doll dressed in blue velvet.

He Had the Name
One little boy wanted most for Christmas a baby doll and when Santa brought it he looked at it and smiled. "Isn't it cute?" he said. "What are you going to name it?" asked his father and he was surprised when his young son answered: "I'm going to name him Stinky."

Another little boy liked best of all his toys a teddy bear and woke up in the night crying for it. When his mother got it for him he cuddled it to him and went contentedly back to sleep.

Yes, it was a great Christmas—Santa seemed to know just what everybody wanted and filled the order this year, but there are still a few people who didn't take any chance of not getting the thing

TOKYO, Dec. 29.—(P)—General MacArthur's headquarters advised 1,000,000 Japanese workers today they would be allowed to buy shoes and clothing at cheap official prices as an incentive toward greater production.

What Does Joseph Stalin Really Think and Want?

By James Marlow

WASHINGTON, Dec. 29.—(P)—Just what kind of man is Joseph Stalin, and what does he really think and want?

Is he a kindly, pipesmoking, good old Joe? Or is he the cold, crafty brain behind everything Soviet Russia does?

He's talked to outsiders just a few times, in interviews. Every time he did, and sounded at all friendly, this question arose:

Did he mean it? Or was that just a shift in tactics or a little propaganda to blind the world to his real intentions?

Although his talks with foreigners have been few, there's one way of finding out what he's really shooting at:

That's by checking with utmost care everything he's written since becoming a top man in Russia's Communist party.

That's been done now—in the magazine "Foreign Affairs"—by a writer who uses only the pen-name "Historicus."

Historicus has carefully checked everything Stalin has written since 1919 and summed it up in a long study, "Stalin or Revolution in Moscow."

Many experts on Russia share this view of Stalin which Historicus has pieced together:

Stalin has dedicated his life to victory for Communism throughout the world. That's his goal. It never changes.

So when Stalin talks of peaceful cooperation with a capitalist country like ours, he's just shifting tactics. His real goal is unchanged.

Any agreement Stalin makes with a capitalist country must be only a temporary thing.

One Will Conquer
Can't a capitalist state like this and a Communist state like Russia live side by side peacefully and indefinitely?

Stalin likes to lead before him, considers that "unthinkable." One of Stalin's favorite quotations from Lenin is this:

"In the end, either one or the other will conquer. Until that end comes, a series of terrible collisions between the Soviet Republic and the bourgeois states is inevitable."

Stalin figures Russia needs another 15 or 20 years to gather strength for the final showdown.

But even in those years Communism and its leaders must grab every opportunity to spread and create the opportunity for spreading.

Stalin thinks capitalist states like ours have within themselves the seeds of their own destruction: depressions; wide unemployment, sooner or later; internal struggles, such as between workers and bosses; and wars between capitalist states themselves for power.

Always Communism
But Stalin doesn't expect the capitalist states to collapse steadily. Their fortunes will ebb and flow. Right now, for instance, after World War II capitalism is pushing in as Asia and Eastern Europe.

Capitalism in time may regain a flow period, for a while, but the ebb will come again.

And always Communism—for example, through local Communist parties in each country—must do what it can to sing capitalism.

The Communists in each country must be ready to take over a revolution. Without such leadership, Stalin things, a revolution may fail.

So long as Russia stands strong, Communism everywhere will have a base, a starting point, a sense of direction, and help, and eventually, in Stalin's view—a force ready to step in and topple the last capitalist states.

Likely to Give Arms to Allies

WASHINGTON, Dec. 29.—(P)—The United States seems likely to give its anti-Communist allies in western Europe between \$2,000,000,000 and \$3,000,000,000 worth of arms next year.

But much of what the Europeans need in the way of military equipment is already available in Army, Navy and Air Force storehouses. It can be shipped abroad at a fraction of its original cost.

President Truman therefore is expected to ask Congress to appropriate only about \$1,000,000,000 for the European rearmament program during the next fiscal year beginning next July 1.

This amount would cover packing, shipping and other similar costs, as well as any new items that might have to be bought.

Details are far from complete, but top officials say they feel confident Congress will approve the program as a major move in the cold war.

Closing Gates to G. I. War Brides
WASHINGTON, Dec. 29.—(P)—The immigration gates which swung open freely to admit G. I. war brides and fiancées into the United States are closing.

Within a few days, all such admissions of aliens will be governed by the regular immigration laws.

OBITUARIES

Henry C. (Harry) Ewing
Henry C. (Harry) Ewing, 1532 East Fourth street, died at the Bothwell hospital at 3:30 o'clock Tuesday afternoon. He had been a patient at the hospital since December 17, suffering with a heart ailment.

Mr. Ewing was born at Parsons, Kas., April 17, 1888, the son of the late George and Anna P. Ewing.

He was married at Austin Ark., February 8, 1914 to Miss Rachel Bland. They resided in Little Rock until 23 years ago when they came to Sedalia to make their home.

For the past twenty-five years Mr. Ewing has been employed at the Missouri-Pacific shops as a carman.

He is survived by his wife, Mrs. Rachel Ewing; one daughter, Mrs. C. W. McNeely, 700 East Sixth street; one sister, Mrs. C. W. Presley, North Little Rock, Ark.; one granddaughter, Sue McNeely, 11, Sedalia.

Funeral services will be held at the Ewing funeral home at 10:30 o'clock Friday morning.

The Rev. Walter P. Arnold, pastor of the East Sedalia Baptist church, will officiate.

Interment will be in the Memorial Park cemetery.

The body is at the Ewing funeral home.

Mrs. Theresa Boehmer
Mrs. Theresa Boehmer of Lincoln died Tuesday night at the hospital in Nevada, Mo., at the age of 74 years.

Mrs. Boehmer was born in La Porte, Ind., and at the age of 16 came to Benton county with her parents, and since has lived in and around Lincoln. She was married October 21, 1894, to William Boehmer. They were in mercantile business for approximately thirty years. She was baptized and confirmed at the age of 14 years at the St. John Lutheran church at La Porte, Ind.

She is survived by her husband, two sons, Adolph and Julius of Lincoln, Mo.; two daughters, Elsie and Lillian, of Los Angeles, Cal.; three grandsons, two granddaughters and one great-granddaughter.

One daughter, Clara, preceded her in death in 1941. Two brothers, Albert Schultz, of St. Louis; Chris Schultz, of Iowa; three sisters, Mrs. Annie Antone, of Iowa; Mrs. Lena Ahlers of Iowa and Miss Minnie Schultz of Sedalia also survive.

Short funeral services will be held Friday afternoon at 1:30 o'clock at the Reser funeral chapel in Lincoln, and at 2:00 o'clock at the Zion Lutheran church in Lincoln, with the Rev. J. A. E. Bauer officiating.

Palbearers will be: A. L. La-bahn, H. A. Mueller, Clarence Frisch, A. B. List, E. W. Lumpe and W. E. Wenig.

Interment will be in the Lutheran cemetery at Lincoln.

E. L. Moorman
Elsworth L. Moorman, 80, of Knob Noster, suffered a stroke and died immediately Monday afternoon at his home at 4:30 o'clock. He had started out the door with a pan of ashes when he collapsed.

Mr. Moorman was born October 18, 1868 in Butler, Mo., the son of the late Edward and Mahaley Jane Moorman. He had resided in Knob Noster for 43 years.

His first marriage was to Miss Eve Beebe. They were the parents of six children, five of whom survive. One son died at an early age. Mrs. Moorman died in October, 1937.

On March 3, 1940, he was married to Mrs. Minnie C. Scott, who survives with Mrs. Moorman's five children, Mrs. Roy Wood, of Kansas City, Kas.; Mrs. John Guy, of Los Angeles, Calif.; Oscar Moorman and Ervin Moorman, both of Independence and Harry Moorman, of Brooklyn, N. Y.; a brother, Ernest Moorman, of Independence; 12 grandchildren; eight great grandchildren; seven step children: Mrs. Carl Nichols, Mrs. William Whetstone and Leon Scott, all of Kansas City; Mrs. Merideth Taylor, of Junction City, Kas.; Mrs. Jim Nutt, Mrs. Victor Bennett and Mrs. Vinton Bugbee, all of Knob Noster.

Mr. Moorman was a member of the Knob Noster church of the Latter Day Saints.

Funeral services will be held at 2:00 o'clock Thursday afternoon at the Latter Day Saints church in Knob Noster, with Elder John Nutt officiating, assisted by Elder Felix Hacker.

Palbearers will be: Mrs. Moorman's son, Raymond Leon Scott of Kansas City; and her five sons-in-law, William Whetstone and Carl Nichols, both of Kansas City, Merideth Taylor of Junction City, Kas., and Victor Bennett and Vinton Bugbee, both of Knob Noster.

Burial will be in the Knob Noster cemetery.

Funeral Of Mrs. Hurwitz
Funeral services for Mrs. Francis C. Hurwitz, who died in Kansas City on December 23, were held Sunday afternoon at 2:30 o'clock at the church at Old Ladime, with Rev. Ira Griffith of Nelson, officiating. Burial was in the Lamine cemetery.

Mrs. Hurwitz was the former Miss Frances Wallace, a former resident of Nelson. Her father once operated a hardware store in Nelson.

She is survived by her husband, Morty Hurwitz of New York; her mother, Mrs. Mary Wallace of Blackwater, seven sisters, Mrs. E. O. Meyer of Kansas City, Mrs. William Stone of Raytown, Mrs. William Anderson of Seattle, Wash., Mrs. George E. Beff of Kansas City, Mrs. Elvira Hill of Independence, Mrs. John Cave of Fort Sheridan, Ill., and Mrs. Monti L. Belot of Parkville; and two brothers, E. J. Wallace of Franklin, and Roscoe Wallace of Blackwater.

J. B. Snodgrass, 712 West Fifth street, left this morning for California, Mo., to attend the funeral services for his brother, E. P. Snodgrass, of Cooper county, who died suddenly of a heart attack in Booneville, Monday.

Services were held at 2:00 o'clock this afternoon at the Pisgah Baptist church.

E. P. Snodgrass was 70 years old and was born and reared near Pisgah.

Surviving are his wife, three children, Mrs. Bertha Walters, Clay and Roy Snodgrass, of Jefferson City; two brothers and four sisters, J. B. Snodgrass, of Sedalia, Tom Snodgrass, Mrs. H. I. Rankin, Mrs. Dave Berry and Mrs. J. J. Moore, all of Cooper county, and Mrs. Gertie Taylor, of Los Angeles, Calif.

Pay Dividends To Veterans
WASHINGTON, Dec. 29.—(P)—Dividends ranging from a few cents to several hundred dollars will be paid out in 1949 to Veterans who took out national service life insurance.

The Veterans Administration said in announcing this that 16,000,000 Veterans may share in the payments.

Unofficial estimates of the size of the surplus fund, from which the dividends will be paid, range from \$1,500,000,000 to \$2,000,000,000.

Officials said that Veterans who took out the minimum \$1,000 policy and held it a short time will receive only a small dividend.

But the G.I.s who got into the program early and for the maximum amount of \$10,000 probably will receive up to several hundred dollars.

The VA plans to make refunds on all policies on which premiums were paid for three or more months. This includes policies that have lapsed or matured, as well as those now in force.

The first policies were effective October 8, 1940. The dividends will cover the period through the 1948 anniversary.

Officials said they doubted if payments will start before next August.

Accept Title From WAA
KANSAS CITY, Dec. 29.—(P)—The University of Missouri board of curators today accepted from the War Assets Administration title to part of Camp Crowder to be used in establishing a state vocational school.

Allen McReynolds of Carthage, president of the board, which met here, said the transfer included 9,570 acres of land, 566 buildings and miscellaneous equipment and utilities.

The state legislature authorized the board to acquire the property providing it was done by Jan. 1, 1949, without cost to the state.

Editor's Note: This is the first of 14 authoritative, understandable articles in NEA's Annual Tax Primer, prepared by NEA's recognized authority on income tax matters in consultation with Bureau of Internal Revenue experts. This year's primer has been completely revised. Step by step it shows the wage-earning taxpayer how to handle every item of his return with the least effort and the greatest accuracy—how to pay the smallest tax while complying with the law and regulations.

By S. BURTON HEATH
NEA Staff Correspondent

The new tax law makes it wise for millions to file their returns in January this year, instead of waiting until March 15. That is because employers withheld taxes for four months under the old higher rates—and as a result, millions have refunds coming from the treasury.

You have the right to wait until March 15 if you choose. But there are three classes of taxpayers who will be better off if they take advantage of the right to file any time after Jan. 1. These are:

(1) Taxpayers who have refunds coming, because the law was changed during the year. By filing now you save not only the time between now and March 15, but also the time that will be lost if you wait until the Bureau of Internal Revenue is swamped by the March 15 rush. If you file now, you can expect to get your refund before March 15. If you wait until the deadline it may be summer before the auditors get to your return and you get a check back.

(2) Taxpayers who over-estimated their 1948 income. By filing now you can pay, Jan. 15, only what you actually owe, instead of over-paying and then, March 15, having to claim a refund and wait for it.

(3) Taxpayers who must change their estimates Jan. 15, to avoid penalty for under-estimate. By filing now, they may lose the use of a few dollars for a couple of months—but they will save the trouble of computing their tax on an estimate basis—now, and then having to do the whole thing all over again—on a final basis—March 15.

There are seven important changes in the Income Tax law this year. Most of them are for your benefit, but they do make the preparation of your return more complicated. They are:

(a) You can not file the Withholding Statement. There is a new Form 1040 A in its place. You must attach the Withholding Statement to your return, when you file.

(b) The personal exemption has been increased to \$600. No person has to file unless his income was as much as \$600.

(c) There is an extra personal exemption of \$600 for any taxpayer or his wife who is blind, and another one for any taxpayer or his wife who is over 65. A blind, over-65 taxpayer with a blind, over-65 wife could have as many as six \$600 exemptions, so that they would not have to pay unless their combined income was more than \$3,999.99. But either would have to file if he or she received as much as \$600.

(d) By filing jointly, husbands and wives can "split" their income for tax purposes only, often saving money. This does not affect the ownership of property or income in any way. It is just a tax-saving gadget.

(e) The discount rate has been raised to 17 per cent on the first \$400 of tentative tax, plus 12 per cent on the next \$99,600. It used to be 5 per cent straight.

(f) The maximum standard deduction has been doubled—to \$1,000—for single persons and for couples filing jointly.

(g) The maximum medical deduction has been increased for families of more than two persons. For four or more it now is \$500.

The new law, makes it more important than ever to know who is married in the eyes of the Bureau of Internal Revenue:

A couple remains married, whether or not living together, until one dies or until a court separates them formally.

A couple married any time before midnight of Dec. 31 was married, for tax purposes, throughout the year.

A couple legally separated any time before midnight of Dec. 31 was not married for tax purposes at any time during the year. If a wife or husband died during the year, and the survivor has not remarried, a joint return can be filed and income can be "split." If there is an administrator or executor, he files for the dead spouse. If not, the survivor files for both.

This is the first thing you see of Form 1040, the full-length Income Tax return for 1948. The use of the short form, 1040 A, will be discussed in the fourteenth article. If you plan to use the short form, you should save the

Nobody who received less than \$600 is required to file an income tax return. But anybody who earned something—less than \$600—on which tax was withheld, should file a return in order to get back those withholdings. There is no other way for you to get them back. Technically what you file is a claim for refund. But you use the same form—preferably 1040A—as for a regular return.

first four of these articles so you can refer back to them.

You are required to use the long form, 1040, if:

(x) Your income, including your wife's if you file jointly, was as much as \$5,000; or if (y) Your income included any amount for personal services; or if not interest, dividends, or payment for personal services; or if (z) Your income included more than \$100 on which tax was withheld before you received it. You must use this form, also, if you wish to itemize your own deductions (because they are greater than the standard allowance) or if you want to deduct the expenses of earning your income.

Married couples who want to save money by "splitting" their income MUST file a joint return, whichever form they use. If you are one of these, on the first line of the form above you should type or print the names of

Newsman Present Truman Pedometer

KANSAS CITY, Dec. 29.—(P)—President Truman received a belated Christmas present Tuesday from the newsmen who followed him on his early morning holiday walks at Independence.

It was a pedometer he can carry to measure the distance he covers on his before-breakfast strolls. The gift was presented at a luncheon where Mr. Truman was the guest of newsmen and photographers.

The hosts described themselves as the "Truman Early Risers Walking Society of Independence, Mo."

They also gave Mr. Truman a light brown hunting cap with ear flaps.

It will take about half an hour over low heat for diced cooked potatoes, in a few tablespoons of fat in a skillet, to acquire a crust.

Jayhawks and K-State Wildcats Clash in Big Seven Tourney By Skipper Patrick

KANSAS CITY, Dec. 29.—(P)—Two old-time Kansas intra-state rivals, the Kansas University Jayhawks and Kansas State Wildcats, met in the feature game of the Big Seven conference's pre-season basketball tournament tonight.

Championship Affair
The Jayhawk-Wildcat meeting, a championship bracket affair, will get under way at 8 p. m. (Central Standard Time). The Oklahoma Sooners and Iowa State meet in the other championship class at 9:30 o'clock.

Afternoon games involving the four losers in two nights of first round competition matched Harvard university, the guest team, and Colorado at 2 p. m., and Missouri and Nebraska at 4 o'clock. Each team plays three games in the tourney, win or lose.

Coach Phog Allen's Jayhawks put up a stubborn defense last night and laid down a steady barrage at the basket in beating Missouri, 62-50. The 8,500 fans had hardly settled in their seats before the Jayhawks had sprinted to a 15-2 lead.

Dan Pippin Led Tigers
Missouri, led by Dan Pippin who scored 12 points, never was able to put on a sustained drive after Kansas' blazing opening.

Jerry Waugh, the Jayhawk's 6-foot center who is one of the midland's outstanding defensive players, dropped in three long shots in his first three pokes at the basket to spark the early Kansas drive. Kansas held a 30-20 halftime lead.

Gene Petersen, 6-foot, 7-inch Kansas forward, was the most productive point-maker of the night with 20 points.

Oklahoma, one-season favorite for the Big Seven title, spotted Colorado an early lead, tied the count at 21-21 after ten minutes of play, then steadily overpowered the Rocky Mountain team.

Wayne Glasgow, forward, got 12 points in the well balanced Oklahoma assault. It was Glasgow's three successive fielders in the first half that pulled Oklahoma into a 21-21 tie and got the Sooners going.

Northwestern And Missouri Favorites

NEW YORK, Dec. 29.—(P)—The latest odds on the January 1 football bowl games show that North Carolina and Missouri have gained slightly in favor.

The odds (changes in parentheses):
Rose Bowl — Northwestern 6½ over California.
Sugar Bowl — North Carolina two points over Oklahoma (odds ten days ago had N. C. 1½-point choice).

Cotton Bowl — S. M. U. 6½ over Oregon.
Orange Bowl — Georgia 7 over Texas.

Gator Bowl — Missouri 7½ over Clemson (formerly 7).
Delta Bowl — William and Mary 5½ over Oklahoma A. and M. (formerly 6).
Dixie Bowl — Baylor 6 over Wake Forest.

Harbor Bowl — Nevada ½ point over Villanova (formerly Nevada 3).

New Orleans to See Great Cage Talent

NEW ORLEANS, Dec. 29.—(P)—The greatest collection of collegiate cage talent since last spring's final Olympic tryouts will be assembled at the Municipal Auditorium tonight for the opening of the streamlined four-team Sugar Bowl basketball tournament.

Colliding in the first game of the two-night hoop carnival at 7:30 p. m., CST, will be undefeated St. Louis University, winner of the National Invitation Tournament last season, and Holy Cross, defending eastern NCAA champion and collegiate titleholder the previous year.

The second game tonight sends Kentucky's all-victorious Wild-

cats, present holders of the NCAA crown, against a Tulane quintet that has won eight of its nine starts this season.

My Feet Hurt' After Running 225 Miles
EL PASO, Tex., Dec. 29.—(P)—Pedro Paseno, a Tarahumara Indian runner, won a 225-mile race from Chihuahua City to Juarez, Mexico.

He carried a torch that touched off celebration of El Paso's Sun carnival. Juarez is just across the border from El Paso.

Eight other Indians, members of the same tribe, fell by the wayside from exposure and exhaustion. The tribe is noted for its feats of running.

Paseno covered the distance in 45 hours. His comment at the finish: "My feet hurt."

Vikings Mixing Work With Fun
TAMPA, Fla., Dec. 29.—(P)—St. Thomas College and Missouri Valley began today mixing fun with hard work while getting ready for the Cigar Bowl game New Year's night.

Both teams arranged their workouts so they could start taking in some of the entertainment set up for them by the Shrine, sponsor of the bowl.

The St. Thomas team planned to visit Gulf of Mexico beaches and take a swim. Missouri Valley will visit Tampa's Latin quarter

Golf in 1948
Hogan Reigned Over Links

By Frank Eck
AP Newsfeatures Sports Editor

NEW YORK — Bantam Ben Hogan, the little man with the low scores, was the big guy in golf during the year. The 35-year-old Texas born professional won nine tournaments.

The 135-pound Hogan annexed the PGA and United States Open crowns, thus becoming the first golfer to take both titles the same year since Gene Sarazen accomplished the feat in 1922.

In winning the U. S. Open at Los Angeles, Hogan's 276 clipped five strokes off Ralph Guldahl's record set in 1937. He beat Jimmy Demaret by two strokes.

In the PGA final in St. Louis Hogan beat Mike Turnesa of the famous golfing family, 7 and 6.

Hogan also scored in the Western Open, won the Los Angeles Open, Bing Crosby Pro-Amateur with Johnny Dawson, the Inverness Four-Ball with Demaret, the Motor City Open, Reading, Pa. Open, Denver, Reno and Glendale Calif., Opens.

In 76 tournament rounds he averaged 69.31 strokes. No wonder they named him "golfer of the year."

Claude Harmon, a veteran who stayed pretty close to home — Winged Foot at Mamaroneck, N. Y. — surprised the golfing world by taking the Masters at Augusta. Herman Barron of White Plains, N. Y., won the annual Goodall Round Robin.

Bobby Locke, the visitor from South Africa, who did so well here in 1947, returned and won several tournaments. His big win came in the Chicago Victory Open in which he shot 266, beating par by 18 strokes.

INSERT CUT — ed-v-csc

Professional golf, like most other sports, had its squabbles. During the Lower Rio Grande Valley Open at Harlingen, Texas, Norman Von Nida of Australia and Henry Ransom of Ravinia, Ill., participated in fistfuffs — of all things.

Ransom charged that Von Nida told him he should be penalized an extra stroke for tapping the ball before putting. Ransom denied he tapped the ball. Hot words and swinging fists resulted. Ransom drew a two-week suspension.

Lawson Little of Cleveland resigned as head of the PGA rules committee and Joe Novak of Los Angeles was elected PGA president, succeeding Ed Dudley of Augusta.

The PGA patterned its play after rules of the UGA, amateur governing body.

Willie Turnesa, 1947 British amateur winner, captured the National Amateur, rallying to beat Ray Billows of Poughkeepsie, N. Y., 2 and 1 in the final at Memphis. It was the second triumph for the 34-year-old Tur-

Sugar Bowl Claims The Top New Year's Tilt

Charlie Justice Will He Go?

By Chris Kreeger

NEW ORLEANS — New Orleans football fans feel that the Sugar Bowl melee between the North Carolina Tar Heels and Oklahoma Sooners will be the best of the New Year's Day football program.

But it would be still better, more ardent home town rooters insist, if their own Tulane Greenies were playing.

"The Sugar Bowl will come up with the greatest game," says Sports Editor Bill Keefe of the Times-Picayune, reflecting what appears to be the street corner consensus. "The only game that would have topped it would have been a Tulane-Tar Heel pick."

Harry Martinez of the New Orleans States similarly observes: "We don't know of two teams better qualified than the Sooners and Tar Heels, but Tulane was as well qualified to play in the Sugar Bowl as any."

Lloyd Gladi of the New Orleans Item looks at the matter more philosophically. He expresses regret that Tulane hadn't been invited, but points out that the Sugar Bowl committee had to consider the strategic situation.

North Carolina and Oklahoma were far higher than Tulane in the national rankings, he notes; and also there was Georgia, which won the Southeastern Con-

ference title while Tulane finished third.

He calls the Sugar Bowl match "the nation's No. 1 attraction."

North Carolina ranked No. 3 and Oklahoma No. 5 in the season's final poll of sports writers by The Associated Press. Tulane was 13th.

But the Tulane backers maintain the Greenies finished the season by slamming Louisiana State 46-0 and could have butted heads with anyone.

Yet if anyone is going to stay away from the game because Tulane isn't in it, he hasn't made his intentions generally known.

There's the attraction of watching a contest between two entirely different systems. Carolina's traditional single wing and Oklahoma's curious Split T. There is eagerness to see what Carolina's All America Charlie Justice can do against the tremendous line led by All-America Guard Paul (Buddy) Burris.

If Justice puts on a show, the fans no doubt will forgive him for saying he'd "rather stay at home," as he was quoted when asked how he felt about coming to the Sugar Bowl again.

After all, his visit two years ago wasn't very pleasant. Not only did Georgia beat the Tar Heels 20-10, but an overshifted Bulldog line pinned Justice down to 31 net yards for 17 running plays.

tomorrow. Tomorrow the teams will reverse their tours.

Must Do Better
After watching several of them drop passes, he warned: "You'll have to do better than that to beat Clemson."

Two Missouri reserves, end Gene Ackerman and guard John Kadlec, were excused from part of the workout because of a cold and a headache, respectively.

Clemson back Ray Mathews also missed part of yesterday's session after complaining of a pain in his knee. He twisted it at home a few days ago.

Missouri Teams in Enid Tournament
ENID, Okla., Dec. 29.—(P)—Teams from Oklahoma, Missouri, Texas and Louisiana will clash tonight in semi-final games of the Enid basketball tournament.

Phillips university ran up a 60-41 score against Adams (Colo.) State and West Texas State dumped the Northwest State (Okla.) Rangers 78 to 69 last night.

Maryville (Mo.) Teachers and Northwest Louisiana College won their first round games Monday night.

Today's Pairings:
Consolation semi-finals (afternoon):
North Texas State vs. Adams State.

Southwestern of Kansas vs. Northwestern (Okla.) State.
Championship semi-finals (night):
Phillips University vs. Maryville Teachers.

Kansas State Uses Double Screen in Pick-off Plays From Out-of-Bounds

By Jack Gardner

MANHATTAN, Kas. — This sideline double pick has proved very effective at Kansas State. You will note that it is an out-of-bounds play.

Thus the men have time to set it up easily.

Two drives in as if to get the ball from three, who is out of bounds.

Instead he sets up a screen in front of three's defensive man.

Five moves out from under the basket to complete a double screen.

Three passes to one, in the center of the court. One relays the ball to four.

Three wipes off his guard on five and two as he cuts under the basket for an easy lay-up shot on a pass from four.

being used as runners.

It is important to keep the all-eyes open.

If there is no opportunity to pass, the runners usually reverse cut and head for the corners. The big men then pass to and screen for them while they are in position to try a set shot.

More times than not, Mullaney, two, will start this play by passing to one, who immediately returns the pass. One then breaks in to set up the play along with five, who usually is George Kattan, a top scoring threat and exceptionally good under the basket. Two then passes to three, who relays the pass to five.

Five hesitates, then breaks around one, handing off as he moves in through the middle. Three, moving at the same time as five, judges his cut so that he breaks through the same spot just behind five. One then hands off to three.

The defensive men have to shift.

Holy Cross' loafer.

Clemson to Depend On Speed And Spirit To Defeat Missouri

JACKSONVILLE, Fla., Dec. 29.—(P)—Clemson didn't go through its season undefeated with the use of mirrors.

Coach Frank Howard said his little South Carolina Tigers used speed and spirit to whip their bigger opponents.

And that's his strategy against Missouri's hulking Tigers when the two teams collide in the Gator Bowl New Year's day.

Had It All Season

"The boys have had it all season," he said, "and I'm hoping they'll have it on Saturday."

Clemson's 38-player squad arrived by plane about noon yesterday and Howard wasted no time getting them on the practice field at the Jacksonville baseball park. He called it a light workout and scheduled a heavier one for this afternoon.

Meanwhile Missouri coach Don Faurot was far from idle. He gave his squad its second rugged workout since arriving here Monday.

He said today's practice would begin a taper-off process to get Missouri on edge for Saturday's game. But he was not satisfied with the way his boys looked.

After watching several of them drop passes, he warned: "You'll have to do better than that to beat Clemson."

Two Missouri reserves, end Gene Ackerman and guard John Kadlec, were excused from part of the workout because of a cold and a headache, respectively.

Clemson back Ray Mathews also missed part of yesterday's session after complaining of a pain in his knee. He twisted it at home a few days ago.

Kansas State Uses Double Screen in Pick-off Plays From Out-of-Bounds

By Jack Gardner
Kansas State Coach

MANHATTAN, Kas. — This sideline double pick has proved very effective at Kansas State. You will note that it is an out-of-bounds play.

Thus the men have time to set it up easily.

Two drives in as if to get the ball from three, who is out of bounds.

Instead he sets up a screen in front of three's defensive man.

Five moves out from under the basket to complete a double screen.

Three passes to one, in the center of the court. One relays the ball to four

Science Devises Labor Savers

Free flow of water through this small-scaled aluminum water softener is made possible by non-clogging glass fiber screens in the container. Hose which hooks softener to faucet is detachable.

By Kay Sherwood
NEA Staff Writer

Out of the test tube and into the kitchen flow handy little low-cost, labor-saving aids designed to strengthen Mrs. America's faith in small but important postwar miracles.

Take the little miracle of hooking up a device for softening water which is so loaded with minerals it defies soap, curds on clothes, leaves unsightly rings, has a harsh effect on delicate hands.

Designed for the purpose of softening the hardest water without installing expensive equipment is a portable aluminum water softener which hooks up to any sink faucet. What makes the efficient operation of this 12-inch-high device possible in the use of glass fibers as screens inside the container to keep particles of the softening agent, zeolite, from

Cellulose sponge yarn makes the head of this new mop which is highly absorbent and free of lint.

escaping. Because these screens are non-clogging, hard water will flow through the softener at the rate of a gallon a minute. Softener is connected to faucet by a five-foot hose attached to the base and an arched spout directs treated water into the basin.

Cellulose sponge, another laboratory-developed material, comes to the kitchen in the form of rope yarn which makes mop heads that give Mrs. America a highly absorbent aid to cleaning. Virtues boasted by these new mops is that

ADCO PURE COCONUT OIL SHAMPOO BY THE MAKERS OF VAN BRITE WAX

the spongy ropes are easier to keep clean, will not deposit lint on a freshly-swabbed floor, and can be used to apply liquid wax to floor.

This same type of sponge when flattened out makes large, long-lasting, lint-free cleaning cloths. Chemists' discovery that the mineral silicone could be processed into a spongy flexible material has netted the housewife hot pan holders which won't steam-burn her hands as some cloth holders will if she grips a hot wet dish. These new cream-colored holders are scorch-proof and their textured surfaces assure a non-skid grip. They can be kept new-looking indefinitely by merely wiping them with a damp cloth. This new material is used to make matching table mats and stove-toppers for hot dishes.

Tough, low-cost black phenolic plastic which is extensively used in industrial products turns to housework in the form of an inexpensive holder for a soft sponge. This holder has a top opening and can be screwed into place on the nozzle of a garden hose for heavy-duty outdoor washing of windows or cars. Or, with a short length of rubber tubing, this scrubber can be hooked up to a kitchen sink faucet. Water flows directly to the sponge which scrubs away grit or grease without scratching smooth surfaces. The leak-proof plastic holder keeps guiding hands high and dry during washing operation.

To arrange an extra-special salad, fill a large wooden salad bowl with a variety of greens: lettuce, romaine, curly endive, escarole, watercress. Circle the outside with thin slices of cucumber and sprinkle finely crumbled Roquefort cheese over the center. Toss with a well-seasoned French dressing just before serving.

Use leftover cooked snap beans in a hearty salad. Mix them with finely chopped celery, pimento and minced onion; then marinate the vegetables in an oil and vinegar dressing.

In making a Spanish Sauce for omelet add a pinch or two of sugar to the onions, green pepper and tomatoes to point up the flavor.

QUICK COMEBACK

Junior loved his bowlful of Grape-Nuts Wheat-Meal every morning, and Daddy was very happy that he liked this nourishing hot cereal.

However, Junior had one fault at the breakfast table. He took huge spoonfuls.

One morning, after watching him take one giant spoonful after another, Daddy said: "Junior, one more spoonful like that, and you leave the table."

"One more spoonful like that," replied Junior, blissfully, "and I'll be ready to leave the table."

Want something a little different to start off New Year's Dinner? Then serve the delicious oyster and tomato chowder pictured here. To give a holiday touch the dinnerware chosen for our table was a neutral gray, modern in design, and the place doilies were of Irish linen in a rich deep green. Plenty of eye appeal to go along with the appetizing flavor!

Oyster and Tomato Chowder
Ingredients: 1/2 pound bacon (finely cut), 1 medium-sized onion (finely diced), 2 cups potatoes (cut in small cubes), 1 quart boiling water, 1/2 teaspoon thyme, 1/2 lemon (cut in very thin slices), 1 tablespoon salt, dash of freshly ground pepper, dash of cayenne, dash of tabasco, 3 eight-ounce cans tomato sauce, 2 dozen oysters (with liquid).

Method: Fry out bacon over low heat in large kettle until lightly browned. Add onion and saute slowly until soft but not brown. Add boiling water, thyme, lemon slices, salt, pepper, cayenne, tabasco. Cover. Simmer gently for 5 minutes. Add canned tomato sauce and the liquid from the oysters. Cover again and simmer over low heat until potatoes are soft—6 to 8 minutes should be enough. Cut oysters into bits. Add to soup. Cover; simmer over very low heat about 4 minutes. Serve at once. Makes about 12 cups of soup.

If it's a New Year's buffet you have in mind you might like to use the following menu and recipe from "The Frozen Food Cook Book" by Jean L. Simpson and Demetria M. Taylor (Simon and Schuster, New York, \$2.95). The cook book contains very conscientious recipe rules. Almost two years of research and testing was done in order to check every single detail and every recipe was finally passed upon by a tasting panel for flavor, texture, appearance, and quality. You'll find this cook book wonderfully useful and enjoyable.

using.) Serve on: Baking powder biscuits.

One of the best things about this buffet supper is that it can be prepared beforehand and there will be no last-minute flurries either for the hosts or the guests.

If you do not have the salt pork called for in the usual chowder recipe, use a little bacon instead. In making meringue for a pie be sure to beat in the sugar gradually, one tablespoon at a time, and beat extremely well after each addition. After all the sugar is added the meringue should be beaten until it is very thick and glossy and the peaks stand up well when the beater is withdrawn.

None Injured In Forced Landing

JOHNSON CITY, Tenn., Dec. 29 — (AP) — A Piedmont airliner made a forced landing two minutes after taking off from the nearby tri-city airport Tuesday.

None of the 15 passengers and three crewmen aboard was injured.

The twin-engined plane piloted by H. H. Hutchinson of Winston-Salem, N. C., landed safely a mile and one-half from the airport about 5:40 p. m. (EST).

It was making flight 21, bound for Cincinnati. Piedmont headquarters at Winston-Salem said the plane left New Bern, N. C., at 2:30 p. m., and its next scheduled stop was Lexington, Ky.

The passengers were taken to the airport to continue their northbound flight aboard another plane reported dispatched from Winston-Salem.

The plane was only slightly damaged. Howard Anderson, who went to the scene in an ambulance, said the landing "just shook loose the landing gear."

No reason was given immediately for the forced landing.

Besides the pilot, other members of the crew were co-pilot James Craig and flight attendant A. G. Moore.

Company Drops Share In Profits

ST. LOUIS, Dec. 29 — (AP) — The Emerson Electric Company announced Tuesday it has discontinued a plan under which employees have shared in company profits since 1940. The action is being protested by the CIO United Electrical, Radio and Machine Workers, local 1102.

Company president Oscar C. Schmitt said the firm distributed about \$275,000 to its 4,000 employees last year under the profit-sharing program.

"The board of directors decided to abandon the plan in view of changing conditions," Schmitt said. "Wages, materials and other costs are rising constantly, and there is a constant need for working capital to carry on the business."

The union local's executive board adopted a resolution calling on the company to reinstate profit sharing. Members of the local have authorized the union executive board to demand wage increases to replace the profit-sharing program if the company declines to reinstate the program.

Christmas Party At Sacred Heart Hi

The annual Christmas party of Sacred Heart high school, sponsored by the senior class, was held Monday evening at the school auditorium with a large attendance.

Dancing was enjoyed during the evening. Santa Claus (Hugo Sparr) made a belated appearance after his strenuous Christmas weekend to distribute the gifts which had been placed under the twin Christmas trees.

Refreshments of pop and doughnuts were served in the school cafeteria.

Marshall Leaves For His Home

WASHINGTON, Dec. 29 — (AP) — Secretary of State Marshall left Walter Reed hospital Tuesday, 3 weeks after he underwent a kidney operation.

Accompanied by Mrs. Marshall, he left by plane at 2 p. m. (EST) for their home at Pinehurst, N. C. Mrs. Marshall entered the hospital last week to undergo tests and to be with him over the Christmas holidays.

Hospital physicians have said Marshall faces a long period of recuperation. There has been no

authoritative word whether he may be able to return to his state department post, if at all.

Student Killed As Engine Hits Truck

HORINE, Mo., Dec. 29 — (AP) — Harold Arnold, 14, was killed and his father, Joseph, was seriously injured Tuesday when their truck was struck by a Frisco locomotive in this community 35 miles south of St. Louis.

The boy was a student of Festus high school. His father is employ-

ed at the Pittsburgh Plate Glass Company of Festus. The elder Arnold suffered a fractured arm and fractured ribs and was taken to a St. Louis hospital.

The locomotive, to which no cars were attached, was headed south at the time of the accident.
